

**08th February 2017**

**Institute of Computer Science, University of Osnabrueck, Germany  
Building 50, Room E09, Wachsbleiche 27, 49090 Osnabrueck**

- |                      |   |
|----------------------|---|
| <b>09:30 - 10:00</b> | <b>Registration</b>   |
| <b>10:00 - 10:30</b> | <b>Opening &amp; introduction</b>   |
| <b>11:00 - 11:30</b> | <b>"Contributions remote sensing to support palm oil sustainability" by Dr. Christine Pohl, UOS</b>   |
| <b>11:30 - 12:00</b> | <b>"The role of geo-information in palm oil research" by Dr. Iris van Duren, ITC</b>  |
| <b>12:00 - 12:30</b> | <b>"Forest to oil palm plantation conversion monitoring using optical and SAR remote sensing" by Ditte Trojaborg, ITC</b>                   |
| <b>12:30 - 14:00</b> | <b>Lunch, Mensa UOS</b>   |
| <b>14:00 - 14:30</b> | <b>"Detection of growth anomalies in oil palm plantations using high resolution optical and SAR remote sensing data" by Nils Schön, UOS</b> |
| <b>14:30 - 15:00</b> | <b>"Oil palm plantation mapping and monitoring using high spatial resolution remote sensing" by André Baldauf, UOS</b>                      |
| <b>15:00 - 15:30</b> | <b>Workshop Wrap-up - research and strategies for the future</b>  |
| <b>15:30 - 16:00</b> | <b>Coffee Break</b>   |
| <b>16:00 - 17:30</b> | <b>GI Forum Presentation (Mohammad/Iris/Ditte)<br/>Room 32/109</b>  |
| <b>&gt; 17:30</b>    | <b>Dinner</b>   |

**There is no registration fee. For planning purposes it is necessary to register in advance by email.**
